drive was very successful. We want to ID street/Zone captains. Anytime we have an initiative, they would inform/disperse to their neighbours. Someone on committee works for Daily **Bread Food Bank and has** Non profit experience. Lots of connections and creating things like what the terms of reface (roll) is of ambassadors. We are going to have 3 flagship events 1) Spring food drive 2) **Thanksgiving Food Drive 3)** Carolling in Dec. Mahima and Sam are going to create a calendar of events and themes ie. local community celebrations, events re food security, housing, environment— anything within focus. Want to fill out calendar and build out social media strategy from it. Also to facilitate community education around these topics. and then we can start hosting town halls on things ie. laneways, trees, garden houses, housing, community spaces.

Env Stewardship: Met with Marian? (Name?) to talk about about watering trees and the

adopt a tree program. She used to organize volunteers to go and water trees. Pam and I trying to figure out a way to work with BIA and community to water trees. Marian is drafting a letter to the BIA to see if they can help with watering, and impress upon them it's their responsibility, even though we
